Pradhan Mantri Matru Vandana Yojana (PMMVY) is a maternity benefit and wage-compensation scheme that aims to provide financial assistance to pregnant women and lactating mothers. Since its inception, over 3.52 Crore women beneficiaries have been enrolled, out of which, 3.11 Crore beneficiaries have received financial support, with a total disbursement of over ₹ 14,103 Crores.

Since the launch of PMMVY, there has been notable progress in several key indicators. Not only has the proportion of women registering for ANC check-ups in the first trimester improved, but there has also been a substantial increase in childbirth registrations, immunization of mothers and children, and the percentage of institutional deliveries. I am happy to state that all our efforts have resulted in a significant reduction in the Maternal Mortality Rate (MMR), from 130 per 1 lakh live births in 2014-16 to 97 per 1 lakh live births in 2018-20.

In the era of "AmritKal" and the pursuit of "PanchPran", Ministry of Women and Child Development has extended the benefits of Pradhan Mantri Matru Vandana Yojana (PMMVY) from first living child to second child, if it is a girl, which will provide a direct impetus towards further improving the 'Sex Ratio at Birth' (SRB) and preventing female foeticide. I announce with pride, that these steps along with numerous other initiatives under the banner of 'Beti Bachao, Beti Padhao (BBBP)' scheme have led to a significant improvement in Sex Ratio at Birth (SRB), rising from 915 in 2012-13 to 934 in 2021-22.

In alignment with the Hon'ble Prime Minister's vision to promote 'Digital India', I am glad to inform you that the New PMMVY portal (PMMVYsoft MIS) has been developed. This portal introduces new features including, online 'facial authentication' technology of UIDAI for easy and error-free verification of eligible beneficiaries. Moreover, it integrates NPCI linkage for 'auto-verification' of beneficiaries to ensure seamless transfer of funds through Direct Benefit Transfer (DBT). Additionally, new PMMVY portal offers paperless online registration, Aadhaar based KYC, and an integrated 'helpline facility' accessible through a single country wide toll-free number -14408.

I am delighted to announce the release of the comprehensive User Manual for the New PMMVY soft MIS to various stakeholders including citizens, Field Functionaries, Supervisors, Sanctioning Officers, District Nodal Officers, and State Nodal Officers

I extend my warm wishes to all the citizens of Bharat on the release of this manual.

MESSAGE

One of the key objectives of Ministry of Women and Child Development under Mission Shakti is the promotion of safety, security and empowerment of women. The Pradhan Mantra Matru Vandana Yojana (PMMVY) is one of the key components of Mission Shakti, under which partial wage compensation is provided for wage loss incurred by women during pregnancy and after childbirth and to promote adequate rest before and after delivery. The scheme also promotes health seeking behaviour amongst pregnant women and lactating mothers by promoting institutional delivery and Vaccination. PMMVY initially provided financial support for the first living child only. The scheme has now been improved further, since 1st April 2022, to provide support for second child also, if the second child is a girl, thereby promoting positive change in societal perspectives towards girl children.

The scheme guidelines for PMMVY 2.0 have been published as part of the Mission Shakti guidelines. To provide effective, efficient, and transparent procedure for implementation of the scheme, end to end digitisation of processes has been done and as a part of the same, a new PMMVY portal (PMMVYsoft MIS) has been developed. For the first time, the portal provides for direct registration of citizens as beneficiaries. This portal facilitates paperless online registration, real time Aadhar authentication through UIDAI integration and approval process. The portal also provides a transparent online payment system, through which beneficiaries will receive financial incentives in a DBT-enabled account via PFMS integration.

The Ministry is pleased to release this User Manual for the new PMMVY portal (PMMVYsoft MIS). This comprehensive manual has been designed to cater to a diverse range of users, including citizens, field functionaries, sanctioning officers, district nodal officers and state nodal officers. It provides simple step-by-step and visual guidance on the use of the portal.

I look forward to timely uptake of the new portal (PMMVYsoft MIS) by the stakeholders and their feedback to further improve the system to enhance the ease of access, implementation, and its impact.

About Pradhan Mantri Matru Vandana Yojana (PMMVY)

The Government of India is implementing the Pradhan Mantri Matru Vandana Yojana (PMMVY) with effect from 1st January 2017. The PMMVY Scheme is being implemented as per provisions under Section 4 of the National Food Security Act (NFSA), 2013 which provides for financial support for pregnant and lactating mothers to improve the health and nutrition for mother and child as well as compensation for wage loss, if any.

Objectives of the PMMVY

The objectives of the PMMVY are to provide cash incentive for partial compensation for the wage loss so that the woman can take adequate rest before and after delivery of the first child; and to promote health-seeking behaviour amongst the Pregnant Women & Lactating Mothers (PW&LM). It envisages payment of maternity benefit of ₹5,000/- in beneficiary's bank/post office account linked to her Aadhaar in DBT mode. The eligible beneficiary is entitled to receive the remaining cash incentive as per approved norms towards Maternity Benefit under Janani Suraksha Yojana (JSY) after institutional delivery so that on an average, a woman gets ₹6000/-. All Pregnant Women and Lactating Mothers (PW&LM) who were eligible as beneficiaries under this programme as on 01st January 2017 are being enrolled.

Scheme aims to cover women belonging to socially, economically disadvantaged and marginalized sections of society. Further, as per the new guidelines for 'Mission Shakti', applicable with effect from 01.04.2022, the scheme (PMMVY 2.0) seeks to promote positive behavioural change towards girl child by providing additional cash incentive for the second child, if that is a girl child. Thus, for the second child, the benefit of ₹6000 is to be provided in one instalment post birth. This would contribute towards improving Sex Ratio at Birth by discouraging female foeticide. Also, in case of miscarriage/stillbirth, the beneficiary will be treated as a fresh beneficiary in the event of any future pregnancy.

Main Features of PMMVY (with effect from 1st April 2022)

PMMVY aims to provide cash benefit to the pregnant women and lactating mothers for first child and second child, if girl child, through DBT mode. This cash transfer was introduced for partial wage loss compensation and to promote health seeking behaviour among pregnant and lactating mother

In the 15th financial cycle, PMMVY has been made a component of the Samarthya sub-scheme of Mission Shakti. The fundamental difference between PMMVY launched in 2017 (PMMVY 1.0) and revised PMMVY under Mission Shakti (PMMVY 2.0) with effect from 01 April 2022 is as under:

1. For the first living child, the amount of ₹5000/- will be given in two instalments (₹3000/- and ₹2000/- respectively) besides entitlements under Janani Suraksha Yojana (JSY), scheme of MoHFW.
2. In addition, ₹6,000/- will be given for second child, if the second child is a girl, in one instalment. This change has been introduced with the objective to promote positive behavioural change towards girl child thereby leading to an improvement in child sex ratio.
3. In case of miscarriage/stillbirth, the beneficiary will be treated as a fresh beneficiary in the event of any future pregnancy.

Under this component, free of charge meal during pregnancy and six months after childbirth, through the local Anganwadi is envisaged so as to meet the nutritional standards; and maternity benefit of not less than ₹5000/-, in two instalments will be provided to women belonging to socially and economically disadvantaged sections of society. However, any additional incentive available under any other scheme such as Janani Suraksha Yojana (JSY) shall continue to be availed. The eligible beneficiaries would receive the remaining cash incentives as per approved norms towards maternity benefit under Janani Suraksha Yojana (JSY) after institutional delivery so that on an average, a woman will get ₹6000/-.

The scheme is implemented on a cost sharing basis by **WCD/Social Welfare (27)** and **Health (7)** Departments of States/UTs. PMMVY scheme is not implemented by the State of Odisha and Telangana.

Update Migration Out Details

Migration out can only be performed once the Beneficiary registration has been approved by the Sanctioning Officer (CDPO/MO/THO).

For Migration Out, Block/ULB name should be different otherwise the Field functionary (AWW/ASHA) will not be able to initiate Migration Out. After entering new address, Field functionary (AWW/ASHA) will submit the form and it will be sent to Sanctioning Officer (CDPO/MO/THO) for verification and further to DNO for approval.

Update Migration Out Details (If selected Rural)

If Rural is selected as the area type, then State, District, Block, Village, address and pin code should be filled by the Field functionary (AWW/ASHA).
